NOTES:

About Your First Visit:

The doctors at Fetner & Hartigan are all board certified or board eligible periodontists specializing in the treatment of gum conditions, implants, bone and gum grafting, and oral diseases. Dr. Alan Fetner and Dr. Mary Hartigan were married in 1980 and have four grown children. Two of their children, Dr. Michael Fetner and Dr. Alex Fetner, are partners in our family practice.

Please visit us at our website: www.FetnerandHartigan.com where you can update your medical history and find information about our offices and services we provide. This will allow us to prepare for your first visit and save you time!

At your first visit, you will have a thorough but painless exam followed by a detailed consultation. This appointment will take about an hour, but we will take whatever time you need to have all your questions answered.

For nearly 30 years, Fetner & Hartigan have been committed to serving our patients and our referring dentists. We are proud of the trust our referring partners have placed in us by sending us their patients. We strive to give the most technologically advanced treatment in the most compassionate way. We look forward to meeting you!
